Dear Dr. Rex,

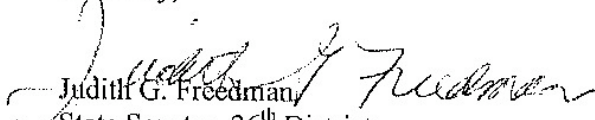

I'm sorry I am unable to be with you this afternoon to enjoy your "2003 Charity Concert for Adoption".

As one of the proponents of Connecticut's Safe Haven Law, I am pleased to know mothers, babies and their adoptive parents have benefited from the law. Every time I read or hear of a baby that has been literally thrown away, it breaks my heart for both the baby and the mother.

I commend Timothy Jaccard for his dedication to such a worthwhile endeavor. It is people like him who make the world a better place for all of us.

Congratulations on this successful program.

Sincerely,

Judith G. Freedman
